AN INTRODUCTION TO THE THAMES VALLEY SKIFF CLUB

The Thames Valley Skiff Club is run on a voluntary basis by the membership and provides opportunities for people of all ages to participate in the traditional Thames sports of Skiffing and Punting.

Applications for Membership

Applications for membership are accepted for the following classes of membership:

- **£258 pa** for **Full members** and **£129 pa** for **Full-under-25** members, who are entitled to all facilities of the Club.
- **£84 pa** for **Student** members, those under 18 years, or in full-time education.
- **£50 pa for Social** (also known as 'Associate') members shall be allowed to use Club boats *only* at the discretion and specific permission of the Captain. They do not have assumed access to skiffs, punts or other water craft at TVSC.

Subscriptions

The first year's subscription shall be paid upon application by all prospective members. Subsequent annual subscriptions shall be due on 1st January. A new member during the course of the year will have their subscription for the first year pro-rated.

Skiffing and Training

Skiffing/training sessions take place on Tuesday and Thursday evenings, Saturday mornings at 09:30 and Sunday mornings at 11:00. For new members who are also new to skiffing, the best session to join is Sunday at 11:00, or Saturday at 09:30. During those sessions crews are allocated by the captain or their representative, and crews are made up to be evenly balanced in terms of experience and competence. These are usually quite relaxed outings, and it means you will be able to access continued informal coaching after you join. Once you've been to a few Saturday and/or Sunday sessions you are likely to get to know enough people to skiff at other times too. We have a closed Facebook page which is often used to help make up crews if boats are short-handed, or if individuals are looking to skiff but don't have a pre-arranged crew. You can use a single skiff once the captain is confident in your competence in the boat and your understanding of how to stay safe on the water. The nature of skiffing/training varies dependent upon the season and river conditions. During some winters we have organised circuit training, for which there may be a charge to cover the cost of hiring a venue. The club does not prescribe that specific kit should be worn for skiffing/training but we recommend that sports clothing suitable for the prevailing weather conditions be worn. Typically, we wear clothing similar to that suitable for running, with additional layers/hats etc for when we switch into the cox's seat.

Competition

If you wish to compete in skiff or punt races, regattas take place most weekends from July to October at differing locations on the Thames between Henley and Teddington. All competitors are required to wear a club racing shirt which costs about £30.00 and are available from the Treasurer. A racing fee of about £7.00 per event entered is charged by the regattas.

Information for applicants under the age of 18 and their parents.

We do not run a separate section for junior members, with all members participating in an integrated group. We welcome parents to all training and competitions and value your support. We are keen to try and involve parents in the club and would like to invite you to visit the clubhouse where you can meet club members and find out more about the club. As a consequence of the active participation of parents at the club, we have not found it necessary to adopt formal practices for child protection. All members are required to make their own arrangements for travelling to and from training and regattas. We appreciate it if younger members are collected promptly if they are not accompanied by a parent or making their own way home. If you would like to talk to someone at the club about this information or your child's involvement with the club, please contact the Club Captain or Secretary.

DATA PROTECTION ACT. In accordance with the Data Protection Act 1984, you are advised that membership information provided by applicants may be computerised and used for administrative purposes.
